# 1 Introduction

## 1.1 Purpose

The purpose of this document is to provide an overview of the most commonly used functionality in **The Bahamas Competent Authority AEOI Portal** with respect to Financial Institutions meeting their reporting obligations under the OECD Common Reporting Standard (CRS) and the IRS Foreign Account Tax Compliance Act (FATCA). This document is not intended to provide business, legal, policy, or regulatory guidance to Financial Institutions.

## 1.2 Scope

The scope of this document includes enrolment and reporting for both CRS and FATCA.

The 'how-to' guidance in this document is not intended to cover the full range of screens and functionality within **The Bahamas Competent Authority AEOI Portal**, but it should provide a high-level overview of the most commonly used functions that Financial Institutions should expect to use as part of their normal enrolment and filing submission procedures.

## 1.3 Support and resources

### Bahamas Government Resources:

Please refer to the below documents published by the Bahamas Government for more information and regulatory assistance:

- [Portal Enrolment Form](#)
- [Portal Login Page](#)
- [Guidance Notes](#)
- [Competent Authority](#)

### OECD Resources:

Please refer to the below documents published by the OECD for further guidance. The OECD has also developed a comprehensive [Automatic Exchange Portal](#) that is the principal source for these and other CRS materials and resources.

- [OECD CRS Standard for Automatic Exchange of Financial Account Information in Tax Matters \(Second Edition\)](#): Contains the due diligence and reporting rules for Financial Institutions along with Commentary that assists with interpretation of these rules.
- [OECD CRS Implementation Handbook](#): Provides practical guidance to assist government officials and financial institutions in the implementation of the CRS.
- [OECD CRS-related FAQs](#): Provides a list of common questions on the application of the CRS and responses from the OECD.
- [OECD CRS XML Schema and User Guide](#): Provides a link to the OECD CRS XML Schema that all CRS XML filings must comply with, as well as the user guide which explains the required information and additional business rules applied by the OECD.
- [Common Reporting Standard Status Message XML Schema User Guide](#): provides guidance on the status message responses sent back from partner jurisdictions
- [Guidance on the Implementation of Country-by-Country Reporting](#): Provides additional implementation guidance regarding country-by-country reporting.

### IRS Resources:

Please refer to the below documents and information published by the United States Internal Revenue Service (IRS) for further guidance regarding US FATCA reporting.

- [FATCA FAQs](#): Provides a list of common questions on the application of the FATCA and responses from the IRS, including the following topics: General, IRS Registration System, FFI List, IDES, and ICMM.
- [FATCA XML Schema, User Guide, and Sample Files](#): Provides a link to the FATCA XML Schema v2.0 that all FATCA XML filings must comply with, as well as the user guide which explains the required information and additional business rules applied by the IRS.

## 2 Enrolment

In order to enrol with the Bahamas Competent Authority, as a Financial Institution under CRS and/or FATCA, entities must complete **The Bahamas Competent Authority AEOI Portal** enrolment form.

7. You will be returned to the login page, where you can now log in with your email address and reset password.

### 3.4 Updating reporting obligations after enrolment

If you have already submitted an enrolment form and received your credentials for the system, you must not submit another enrolment form. If you wish to update your obligations, please do so using the **Change of Reporting Obligations** form, outlined below.

For example, if you have already enrolled for CRS reporting and later learn of an obligation to notify for FATCA as well, you can update your reporting obligations using the below process. A second enrolment form should not be submitted.

#### 3.4.1 Creating a Change of Reporting Obligations filing

In order to notify the Bahamas Competent Authority of updated reporting obligations, you must first create a **Change of Reporting Obligations** filing.

1. Navigate to the **Create Filing** screen using the menu at the top left of the screen. Select **Manage Filings > Create Filings**, as shown in the image below.

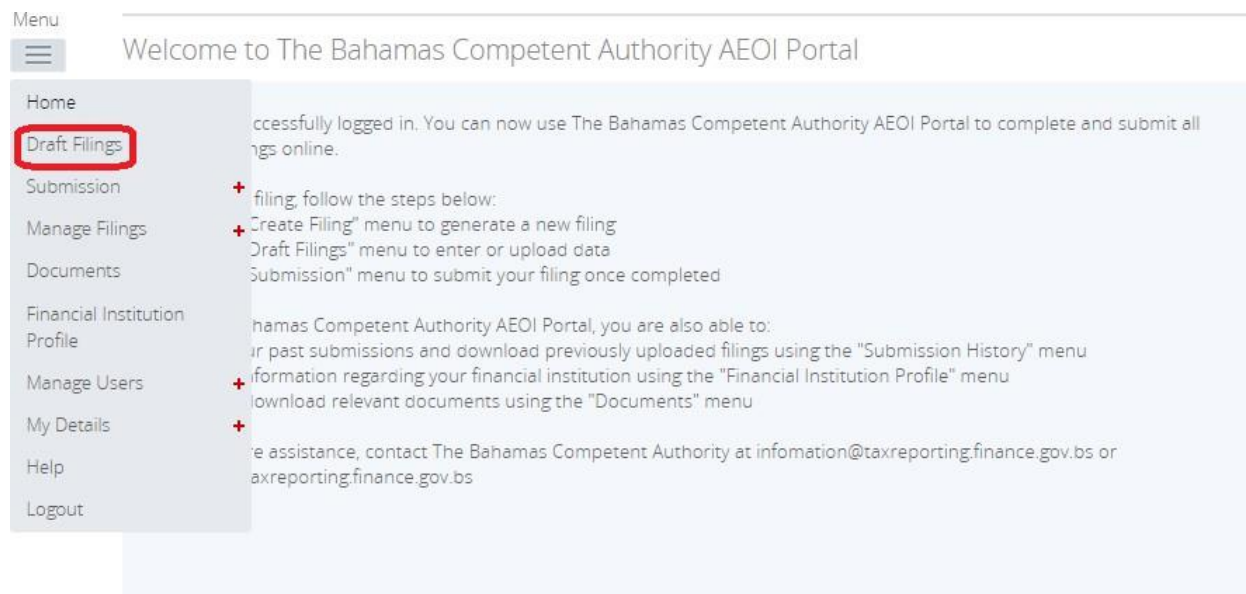

2. You will be presented with the **Create Filing** page, as shown in the image below.

3. Enter a **Filing name** that is meaningful to you. It is best practice to include “Change of Reporting Obligations” so that filings can be easily differentiated from CRS and FATCA filings.
4. Select “**Change of Reporting Obligations**” as the **Filing type**.
5. Select the **Period end date** for the filing. For the Change of Reporting Obligations form, this should be the current date.
6. Select the **Create** button to complete the creation of your form and make it available to submit a change of reporting obligations.

3.4.2 **Completing a Change of Reporting Obligations form**

1. Navigate to the **Draft Filings** screen using the menu at the top left of the screen to view filings and forms that you have created but not yet submitted.

2. Select the name of the form you created from the **Filing name** column of the Draft Filings table to open that filing. You will be presented with the **Draft Filing** screen for the Change of Reporting Obligations form.

Please select the name of the filing you wish to complete.

To create new filings, please use the "Create Filing" functionality.

# 4 Submitting CRS filings

The Bahamas Competent Authority AEOI Portal provides Bahamas CRS Reporting FIs with two options for submitting CRS filings:

- i. Manual Entry via online web forms; or,
- ii. Upload of an XML file that complies with the CRS XML Schema v.2.0 as published by the OECD.

**Important Note: a separate Manual Entry or XML Upload filing must be created and submitted for EACH reportable jurisdiction your entity has reportable accounts for.**

## 4.1 Creating CRS filings

In order to submit data to the Bahamas Competent Authority to meet your CRS reporting requirements, you must first create a filing.

1. Navigate to the **Create Filing** screen using the menu at the top left of the screen. Select **Manage Filings > Create Filing**, as shown in the image below.

2. You will be presented with the **Create Filing** page, as shown in the image below.

We need details about your filing so you will be able to identify it in the future. Please enter the details requested below.

The period end date identifies the reporting period for the filing. This should always be December 31st.

Filing name:  \*

Filing type: 

☒ Change of Reporting Entity Information

☐ Change of Reporting Obligations

☐ CRS Filing Summary

☒ CRS Manual Entry Filing

☐ CRS XML Upload Filing

☐ Primary User Change Notice

☐ US FATCA Manual Entry Filing

 \*

Period end date:  \*

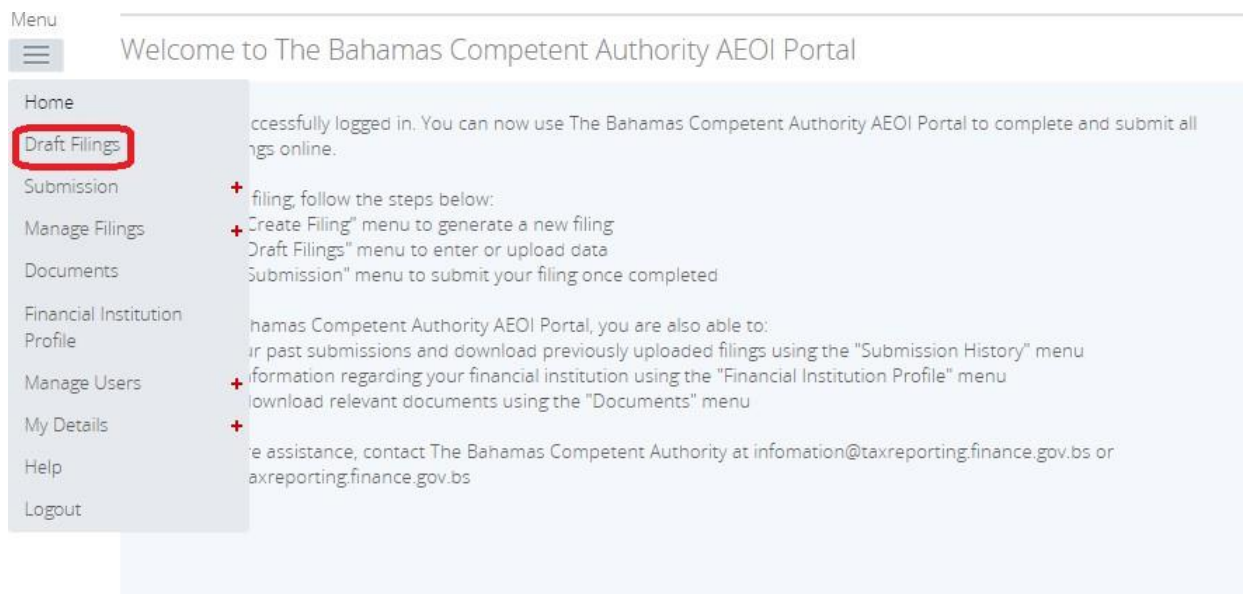

3. Enter a **Filing name** that is meaningful to you. It is best practice to include the jurisdiction country code, type of document, and the year (e.g. IE - New Data – 2016, UK - Corrected Data – 2016, etc.) so that filings can be easily differentiated over time.
4. Select the **Filing type** that you want to complete.
  - **Important note:** If you will be providing data in an XML file, you must choose the *CRS XML Upload Filing* filing type. If you will be entering data manually in a web form, you must choose the *CRS Manual Entry Filing* filing type.
5. Enter the **Period end date** for the filing.

- **Important note:** The period end date is the last day of the reporting period (the calendar year). For CRS, this date must **always be December 31<sup>st</sup>**. Failure to select December 31<sup>st</sup> will result in an error being displayed on screen.
6. Select the **Create** button to complete the creation of your filing and make it available to enter or upload data.

4.2 Submitting a CRS filing via XML Upload

If you have chosen the CRS XML Upload filing (see section [4.1 Creating CRS filings](#)), you will submit your CRS data by uploading an XML file into the filing.

1. Navigate to the **Draft Filings** screen using the menu at the top left of the screen to view filings that you have created but not yet submitted.

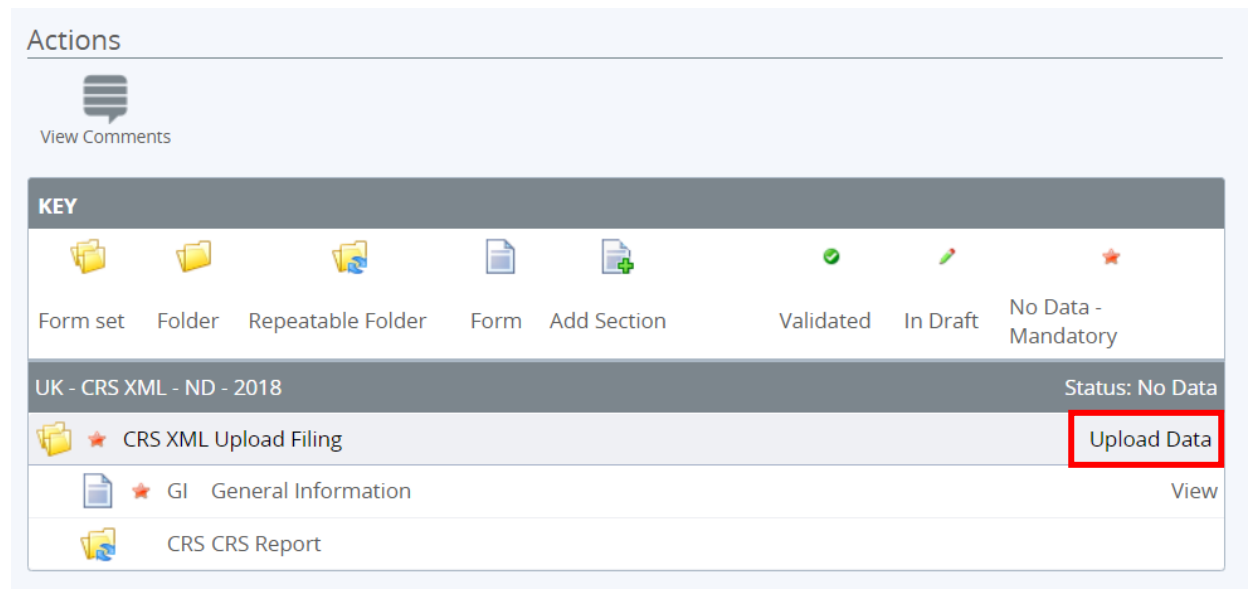

2. Select the name of the filing you created from the **Filing name** column of the Draft Filings table to open that filing. You will be presented with the **Draft Filing** screen for that filing.

Please select the name of the filing you wish to complete.

To create new filings, please use the "Create Filing" functionality.

Filing name	Reference	Revision	Categories	Receiving Country	Status	Filing end date	Due date
<a href="#">UK - CRS XML - ND - 2018</a>	CRS01483	<a href="#">0.1</a>	Waiting		No Data	31/12/2018	31/05/2019

3. Select the **Upload data** link within the filing table. You will be presented with the **Upload Data** page.

4. Select the **Browse** button and choose the file you want to upload. Only files in XML format will be accepted, and they must comply with the CRS XML schema v.2.0 as published by the OECD (<http://www.oecd.org/tax/automatic-exchange/common-reporting-standard/schema-and-user-guide/>).
5. The system will begin validation of your file immediately against the OECD CRS XML schema

and business rules. If you have uploaded a file that is not an XML file, you will see an error message on the Upload Data page informing you of that error.

- 6. If you do not receive any error message on the Upload XML page, the file will be submitted for processing and additional validation will be applied. More details on the validation that will be applied to all files can be found in [Section 5.1 - Summary of CRS validation rules](#).

Upload Data

Please upload your XML file and we will run the following initial validations: Allowed file types are: .xml  
The file will be processed as soon as possible and you will be informed via email about any validation issues.

Click Browse to select the XML file. It will be validated, and the results will be displayed below.

Select file to upload:

Your file has been accepted for processing. You will be informed via email about any validation issues.

Valid New (3.01.01).xml (5.1KB)

- 7. You will receive a system-generated email when the processing is complete, indicating either that your submission was successful, or that the submission was unsuccessful and that the file must be updated and resubmitted.

4.3 Submitting a CRS filing via Manual Entry

If you have chosen the CRS Manual Entry filing (see section [4.1 Creating CRS filings](#)), you will submit your CRS data by typing data into web forms.

- 1. Navigate to the **Draft Filings** screen using the menu at the top left of the screen to view filings that you have created but not yet submitted.

5. Select the **Receiving Country** associated with the filing from the drop-down, which is restricted to only include the list of reportable jurisdictions.

- Important Note:** A separate filing will be required for each reportable jurisdiction the entity has reportable accounts for.

6. Confirm the **Message Type** for the filing:

- The message contains new information* should be selected for the original filings being sent to reportable jurisdictions for the reporting period.
- The message contains corrections for previously sent information* should be selected for any subsequent corrections/deletions being sent to reportable jurisdictions for previously submitted filings for the reporting period.

7. Select **“Validate & Save”** to proceed.

- Important Note:** If you are alerted to any errors on the form, these must be corrected before proceeding, or selecting “Save as Draft” allows you to bypass on-form validation and save the data as draft until your return.

8. To complete the remainder of the filing, select the **Add Section** icon next to the CRS Report repeatable folder to generate a CRS Report folder.

- Important Note:** Each CRS filing should only contain a single CRS Report folder, as they should include accounts for a single Reporting Financial Institution.

11. Complete all required information on the form. Please take note of the following:

- The **Document Type** field is included in both the Reporting FI Information and Account Information sections of the filing. Allowable entries are New Data, Corrected Data, and Deletion of Data. If you selected a Message Type of “The message contains new information” on the General Information form, all Document Types contained in the filing must be set to “New Data”.
  - **Important Note:** The OECD have introduced a fourth document type of “Resend Data”, which will be applicable to corrections being sent in response to partner jurisdiction notifications. This will be added to the system at a later date, and more information on this will be included at that time.
- The **Document Reference ID** is an auto-generated unique ID that must be included for each section. If you overwrite the auto-generated value with an internal reference, the ID must begin with “BM”, contain no spaces, and be globally unique.
- The **Reporting FI Name** and **Address** fields will be pre-populated based on the information stored in your Financial Institution Profile (which was submitted as part of your enrolment). If this name or address is incorrect, you must update the pre-populated data before submitting the form.
- The **Identification Number** field on this form will prepopulate with the identification number assigned to you during the enrolment process

12. Select “**Validate & Save**” to proceed.

- **Important Note:** If you are alerted to any errors on the form, these must be corrected before proceeding, or selecting “Save as Draft” allows you to bypass on-form validation and save the data as draft until your return.

13. Select the **Add Section** icon next to the Account Information section to add an account.

- **Important Note:** A separate Account Information form will be required for each reportable account being submitted for the receiving country. When returning to the Draft Filings page, you will need to expand the CRS Report Folder (using the “+” icon) to see all forms.
- **Important Note:** If this is a Nil filing, no reports should be added. Please see [Section 4.4 - Submitting a Nil CRS filing](#) for more information on this process.

For entities, please provide the following:

Do not make a selection for Account Holder Type if the Account Holder or Payee is an individual. Selection of one type is mandatory if the reported financial account is held by an entity or the reported payment is made to an entity.

15. Complete all required fields as appropriate for the account holder.

16. Guidance for completion of individual account holder information:

- The **Account Holder Type** must be left blank for individual account holders.
- The individual **Tax Residence** will be pre-populated with the Receiving Country entered on the General Information form. The tax residence of all individual accounts in the filing must match the reportable jurisdiction selected as the receiving country.
- The individual **Taxpayer Identification Number** is shown as optional on the form as there are valid scenarios where the TIN may not be available (e.g. the jurisdiction of tax residence does not issues TINs). However, you must ensure that for jurisdictions that DO expect a TIN to be submitted, this is included in the report. Otherwise, you may receive an error notification from the partner jurisdictions requiring a correction. The TIN rules and expected format by jurisdiction can be found here: <http://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/tax-identification-numbers/>.

17. Guidance for completion of entity account holder information:

- The **Account Holder Type** must be selected for entity account holders. Allowable values are as follows:
  - CRS Reportable Person
  - Passive Non-Financial Entity that is a CRS reportable person
  - Passive Non-Financial Entity with one or more controlling person that is a reportable person
- The entity **Tax Residence** must match the reportable jurisdiction selected as the receiving country on the General Information form, unless a Controlling Person is being added whose tax residence matches the receiving country.
- The **Entity Identification Number** is shown as optional on the form as there are valid scenarios where the IN may not be available (e.g. the jurisdiction of tax residence does not issue INs). However, you must ensure that for jurisdictions that DO expect an IN to be submitted, this is included in the report. Otherwise, you may receive an error notification from the partner jurisdictions requiring a correction. The TIN/IN rules and expected format by jurisdiction can be found here: <http://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/tax-identification-numbers/>.

18. Guidance for the completion of controlling person information:

- To add a controlling person record for the entity account, select the “**Add Controlling Person**” button.
- A new section will be added to capture controlling person information, as shown below. This should be done for each controlling person for the entity with a tax residence that matches the receiving country.

24

For all accounts with Controlling Persons please add their records below

- Controlling persons can only be submitted with the account when the **Account Holder Type** is selected as "Passive Non-Financial Entity with one or more controlling person that is a CRS reportable person". If any other account holder type is selected, the Controlling Person fields will remain disabled.
- The **Controlling Person Type** must be selected, which identifies the role of the controlling person. Available values for CRS are as follows:
  - CP of legal person – ownership
  - CP of legal person – other means
  - CP of legal person – senior managing official
  - CP of legal arrangement – trust – settlor
  - CP of legal arrangement – trust – trustee
  - CP of legal arrangement – trust – protector
  - CP of legal arrangement – trust – beneficiary
  - CP of legal arrangement – trust – other
  - CP of legal arrangement – other – settlor-equivalent
  - CP of legal arrangement – other – trustee-equivalent
  - CP of legal arrangement – other – protector-equivalent
  - CP of legal arrangement – other – beneficiary-equivalent
  - CP of legal arrangement – other – other-equivalent
- The controlling person **Tax Residence** must match the reportable jurisdiction selected as the receiving country in the General Information Form.
  - Important Note:** If the entity account has controlling persons in multiple jurisdictions, the entity account will need to be submitted separately for each receiving country, with the relevant controlling persons’ information included in each.
- The controlling person **Taxpayer Identification Number** is shown as optional on the form as there are valid scenarios where the TIN may not be available (e.g. the jurisdiction of tax residence does not issues TINs). However, you must ensure that for jurisdictions that DO expect a TIN to be submitted, this is included in the report. Otherwise, you may receive an error notification from the partner jurisdictions requiring a correction. The TIN rules and expected format by jurisdiction can be found here: <http://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/tax-identification-numbers/>

19. Guidance for completing account value information:

For all account types, please provide the following:

- The **Account Number** is mandatory under CRS. The OECD guidance for this field is as follows:
    - Provide the account number used by the financial institution to identify the account. If the financial institution does not have an account number then provide the functional equivalent unique identifier used by the financial institution to identify the account.
    - For example: The account number may be the account number of a Custodial Account or Depository Account; ii) the code (ISIN or other) related to a Debt or Equity Interest (if not held in a custody account); or iii) the identification code of a Cash Value Insurance Contract or Annuity Contract.
    - If exceptionally there is no account numbering system use NANUM for no account number.
  - The **Account Type** is optional, and is used to describe the type of account number. Available values are included below. Where an IBAN or ISIN is available, it should be provided in the correct format and the applicable account number type should be selected.
    - IBAN - International Bank Account Number (follows a known structure)
    - OBAN - Other Bank Account Number
    - ISIN - International Securities Information Number (follows a known structure)
    - OSIN - Other Securities Information Number
    - Other - Any other type of account number e.g. insurance contract
  - The **Account Balance** and **Account Currency** must be provided. Negative account balances are not allowed, and must be reported as 0.00.
  - The Account can also be specified as **Account Closed** or **Account Dormant**. Closed accounts must have a zero (0.00) balance.
  - Select the “**Add Payment Record**” button to record one or more payments on the reported account, including the payment type, currency, and amount. Records can be added or deleted as required.
20. Once the **General Information** Form, **Reporting Information** Form, and all required Account Information forms within the filing are complete and in a **Validated** status (indicated by a green check mark icon) you must proceed to submitting the filing.

# 5 Correcting CRS validation issues prior to submission

## 5.1 Summary of CRS validation rules

The below tables detail the full list of validation rules that will be applied to CRS filings submitted in **The Bahamas Competent Authority AEOI Portal**, in addition to standard validation against the OECD CRS XML Schema v.2.0. The validation rules have been separated into the following tables for ease of reference:

- General Validation
- Reporting FI Information Validation
- Account Information Validation
- Corrected Filings Validation

The Rule Name and Problem Message shown below are shown in the portal when an error is encountered, while the comments in the “Additional Comments” column are only intended to provide further clarification and guidance, where applicable.

It should also be noted that some of these errors are only applicable to the XML Upload filing. This is indicated in the “Applicable to” column.

For the Manual Entry filing, some validation is executed upon selecting the “Validate & Save” button on the individual forms, while other validation is executed when selecting the ‘Validate’ link on the Validate & Submit page. The below errors may be shown on either page.

General Validation				
Rule Name		Problem Message	Applicable to	Additional Comments
Account check	Report	Account Report can only be omitted if the Reporting FI is being corrected/deleted or, in the case of domestic reporting, if there is nil reporting. If the Reporting FI indicates new data or resent, the Account Report must be provided.	XML Upload and Manual Entry	
DocRefId check	format	For non-domestic reporting, the document reference ID field must be in the following format: The first two character must correspond to the sending jurisdiction country code, the next set of characters must be a unique reference.	XML Upload and Manual Entry	
Document check	type	The only document type values allowed for CRS reporting are OECD0 – Resent Data, OECD1 - New Data, OECD2 - Corrected Data or OECD3 - Deletion of Data.	XML Upload	<i>Note that this error may be shown as an XML enumeration constraint.</i>
Domestic reporting check	Nil	The message type “The message advises there is no data to report” can only be used for domestic reporting.	XML Upload and Manual Entry	<i>The receiving country must be "Bahamas" if using message type "The message advises there is no data to report".</i>
Period end date matches Reporting period?		The period end date <XXXX> specified during filing creation must match the reporting period on submission.	XML Upload	<i>If the period end date selected when creating the filing is incorrect, you must create a new filing with the correct end date and upload yourfile.</i>
Pool Report Check		Pool Reporting is not applicable to CRS Reporting.	XML Upload	<i>Note that this error may be shown as an XML structural error.</i>
Receiving country is not a reportable jurisdiction		Please note <XXXX> is not yet a reportable jurisdiction for CRS	XML Upload	<i>The list is restricted in the Manual Entry form.</i>
Reporting Obligations		You are not permitted to submit this filing, as you do not have the relevant Reporting Type marked in your Reporting Obligations.  If you are required to submit information to this jurisdiction, please create and submit a "Change of Reporting Obligations" filing."	XML Upload and Manual Entry	<i>You will get this error if you try to submit a CRS filing but are not enrolled for CRS. You will need to use the 'Change of Reporting Obligations' form to first update your reporting obligations.</i>
Sending Company IN check		If the CRS report is being used for domestic reporting then a Sending Company IN must be provided.	XML Upload and Manual Entry	
Transmitting Country Check		The value <XX> entered in the Transmitting Country field does not match that of the country being reported to.	XML Upload	<i>The Transmitting Country must always be "BM"</i>

General Validation				
Rule Name	Problem Message	Applicable to	Additional Comments

Number of Account Reports marked for deletion does not match the number in the original filing.	If a deletion filing is being submitted the total number of account reports in the filing must be equal to the number of account reports that was in the original filing that was first submitted.	XML Upload and Manual Entry	
Receiving country in Corrected Filing	The Receiving country in the Filing with CorrDocRefID <XXXX> does not match the Receiving country from its corresponding Filing.	XML Upload and Manual Entry	<i>When submitting a correction for a previously submitted record, the receiving country of the corrected filing must match the receiving country of the associated original filing.</i>

Corrected Filings Validation				
Rule Name		Problem Message	Applicable to	Description
Reporting Duplicate CorrDocRefId	FI	The CorrDocRefId in this filing is a duplication of a previous one already submitted.	XML Upload and Manual Entry	<i>If you have already submitted a correction for a record, there should be no future corrections submitted for it, as it will be considered outdated by the previous correction. Future corrections should refer to the DocRefID of the latest message submitted for the record.</i>
Reporting corresponding document reference ID check	FI	Please note the corresponding document reference you have entered in the Reporting FI section of the filing does not match a previously submitted document reference ID.	XML Upload and Manual Entry	
Reporting Corresponding document reference ID not present	FI	If a document type of corrected data or deletion of data is selected on the Reporting FI information form then a corresponding document reference ID must be included in the filing.	XML Upload and Manual Entry	
Reporting FI Resend Data Doc Ref Check		The Doc Ref ID specified in the Reporting Information does not match a Doc Ref ID previously submitted.	XML Upload and Manual Entry	<i>The OECD specifies that when the Reporting FI element has to be resent (used OECD0), the element is identified with the same DocRefID as the immediately preceding version of the Reporting FI element.</i>

5.2 Viewing and correcting CRS validation issues

If your filing has any of the issues outlined in [Section 5.1 - Summary of CRS validation rules](#), you can view the details within the portal in order to determine any corrections that need to be made.

**Important Note:** only those errors triggered on the “Validate & Submit Filing” page will be saved and accessible using the process below. Errors triggered on the individual forms will not be saved and must be corrected before proceeding past the relevant form.

1. Navigate to the **Draft Filings** page using the menu at the top left of the screen. If there are errors on a filing that you have attempted to submit, the **error icon** (red circle with an exclamation point) will be displayed beside the filing’s status, as shown in the image below.

Please select the name of the filing you wish to complete.

To create new filings, please use the "Create Filing" functionality.

Filing name	Reference	Revision	Categories	Receiving Country	Status	Filing end date	Due date
<a href="#">Change of Reporting Obligations 2019</a>	RO01477	<a href="#">0.1</a>		n/a	<a href="#">Ready to Submit</a> 	31/12/2019	30/01/2020

2. Click on the **error icon** to display the validation errors. A sample of potential errors is shown in the image below.

Submission Validation Issues

Our checks have found some issues that need to be reviewed before you can submit. Please see below for details.

Rule name	Type	Problem	Additional information
Individual account holder tax residence	Error	1. The account holder tax residence must match the receiving country.	Please ensure that the Tax Residency value of the Account Holder matches the value of the Receiving Country.

3. To correct errors and resubmit your filing, return to the **Draft Filings** page and then select the filing in question from the **Filing name** column of the table.
- For the **Manual Entry Filing**: Select the **Edit** link next to the form(s) that you need to correct, update the data, and select **Validate & Save**. Then follow the steps to submit the filing, as per [Section 4.3 - Submitting a CRS filing via Manual Entry](#).
  - For the **XML Upload Filing**: Select the **Upload data** link and select a new XML file to upload. The system will begin validation of your new file immediately.
    - **Important Note:** if data has already been populated into the form (i.e. it has passed XML validation but failed a business validation), you will be presented with a pop-up message that says "Do you want to delete all existing data before uploading a new file? ", and should select "Yes" to avoid further data validation issues. If the file failed at the XML validation stage, this step will not be required as data would not yet be populated into the forms.

# 6 Reviewing and Correcting Errors from Partner Jurisdictions

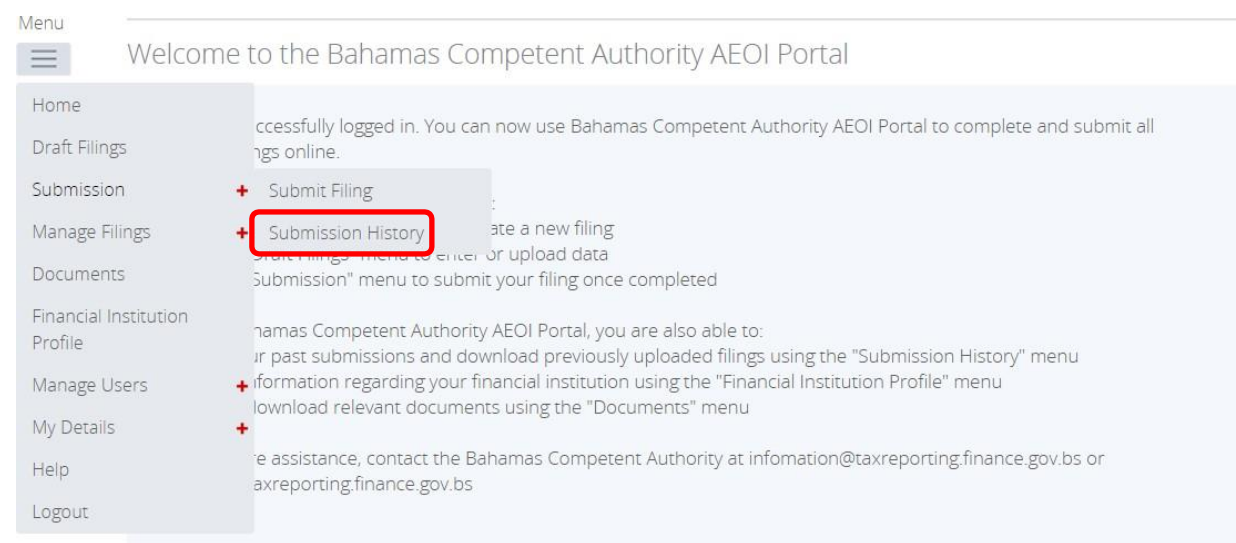

After the Bahamas Competent Authority transmits CRS filings submitted via **The Bahamas Competent Authority AEOI Portal** to the various Reportable Jurisdiction Competent Authorities, the receiving jurisdiction will review and respond to indicate whether the CRS filing is accepted as-is or if they have found errors with the submitted data.

## 6.1 Viewing CRS transmission progress and record errors

When a record validation error is received for a CRS filing, the users for the Reporting Entity that submitted the original filing will receive an email titled "Bahamas Tax Information Reporting Portal: Error Received for <FILING\_REFERENCE>". The email will indicate the reference for the effected filing, and instruct the user to log-in to review and correct the error(s).

To view the transmission progress and record validation error(s) (where applicable) for any submitted CRS filing, follow the steps below:

1. Log in to **The Bahamas Competent Authority AEOI Portal** and select the appropriate Financial Institution if you have permissions for more than one entity.
2. Navigate to **Submission > Submission History** using the menus at the top of the screen.

3. You will be presented with the **Submission History** page, which displays the filings that have been submitted for your Financial Institution. Select the **year** from the filings from drop down menu.

Filing name	Reference	Revision	Transmissior progress	Receiving Country	Submitted date	Status
CRS Manual Cayman 18	CRS01478	1.0	Waiting	Cayman Islands	16/06/2021	Accepted

4. Review the Transmission Progress column to determine the status of your filing. When a CRS filing is created and submitted in **The Bahamas Competent Authority AEOI Portal**, it will have a Transmission Progress of "Waiting" until a response is received from the partner jurisdiction. Once a response is received, the Transmission Progress for the filing will be updated to either "Received" or "Record Validation Error".
  - Received: A message has been received from the partner jurisdiction, indicating that no errors have been found. No further action is required at this time.
  - Record Validation Error: A message has been received from the partner jurisdiction,

5. Select the name of the filing you wish to view from the **Filing name** column of the Submission History tab (the record validation error email will include the filing reference of any filings with record validation errors).

80000		DocRefID already used	The DocRefID is already used for another record.
80001		DocRefID format	The structure of the DocRefID is not in the correct format, as set out in the User Guide.
80002		CorrDocRefId unknown	The CorrDocRefId refers to an unknown record.
80003		CorrDocRefId no longer valid	The corrected record is no longer valid (invalidated or outdated by a previous correction message). As a consequence, no further information should have been received on this version of the record.
80004		CorrDocRefId for new data	The initial element specifies a CorrDocRefId. Only corrected or deleted records should have a CorrDocRefID.
80005		Missing CorrDocRefId	The corrected element does not specify any CorrDocRefId.
80006		DocSpec. CorrMessage RefID	The CorrMessageRefID is forbidden within the DocSpec_Type.
80007		MessageSpec. CorrMessage RefID	The CorrMessageRefID is forbidden within the Message Header
80008		Resend option	The Resend option may only be used with respect to the Reporting FI element.
80009		Delete ReportingFI	The Reporting FI cannot be deleted without deleting all related Account Reports.
80010		Message TypeIndic	A message can contain either new records (OECD1) or corrections/deletions (OECD2 and OECD3), but should not contain a mixture of both.
80011		CorrDocRefID twice in same message	The same DocRefID cannot be corrected or deleted twice in the same message.
80012		Reporting Period	A message must not contain data for two different Reporting Periods.

6.2 Submitting CRS Corrections

To address a record validation error, the Financial Institution must create and submit a “Corrected” CRS filing that references the original filing to correct the errors indicated, and submit it via **The Bahamas Competent Authority AEOI Portal**.

Corrected filings are created and submitted via XML Upload or Manual Entry, using the same processes outlined in section [4 - Submitting CRS filings](#).

When submitting a Corrected filing, you must ensure the following:

- The Message Type Indicator must be set to “The message contains corrections for previously sent information” (CRS702).
- The Document Type Indicator for the Reporting FI section must be set to either “Resent Data” (OECD0), “Corrected Data” (OECD2) or “Deletion of Data” (OECD3). Resent Data (OECD0) should only be used when one or more Account Reports are being corrected or deleted, but there are no updates being sent for the Reporting FI section.
- The Document Type Indicator for the Account Report section must be set to either “Corrected Data” (OECD2) or “Deletion of Data” (OECD3). “Resent Data” (OECD0) is not permitted for the Account Report section.

- If the Reporting FI section is being resent without modification (using OECD0 - Resent Data), the same Document Reference ID should be used as was used in the previous submission. For any sections containing a modification, a new unique Document Reference ID should be used.
- The Corresponding Document Reference ID for each section being corrected or deleted should reference the Document Reference ID from the associated section of the previous filing. This should always refer to the *latest* document reference ID. For example, for a correction of a previous correction record, the CorrDocRefID of the second correction of the message must reference the DocRefID of the first correction (not the initial record).
- A correction message can contain either corrections (OECD2) or deletions (OECD3) or both, as well as a resent Reporting FI element (OECD0), but may not contain new data (OECD1).

# 7 Submitting FATCA filings

## 7.1 Creating FATCA filings

In order to submit data to the Bahamas Competent Authority to meet your FATCA reporting requirements, you must first create a filing.

1. Navigate to the **Create Filing** screen using the menu at the top left of the screen. Select **Manage Filings** > **Create Filing**, as shown in the image below.

2. You will be presented with the **Create Filing** page, as shown in the image below.

### Create Filing

We need details about your filing so you will be able to identify it in the future. Please enter the details requested below.

The period end date identifies the reporting period for the filing. This should always be December 31st.

Filing name:  \*

Filing type: 

☐ CRS Filing Summary

☐ CRS Manual Entry Filing

☐ CRS XML Upload Filing

☐ Primary User Change Notice

☒ US FATCA Manual Entry Filing

☐ US FATCA XML Upload Filing

 \*

Period end date:  \*

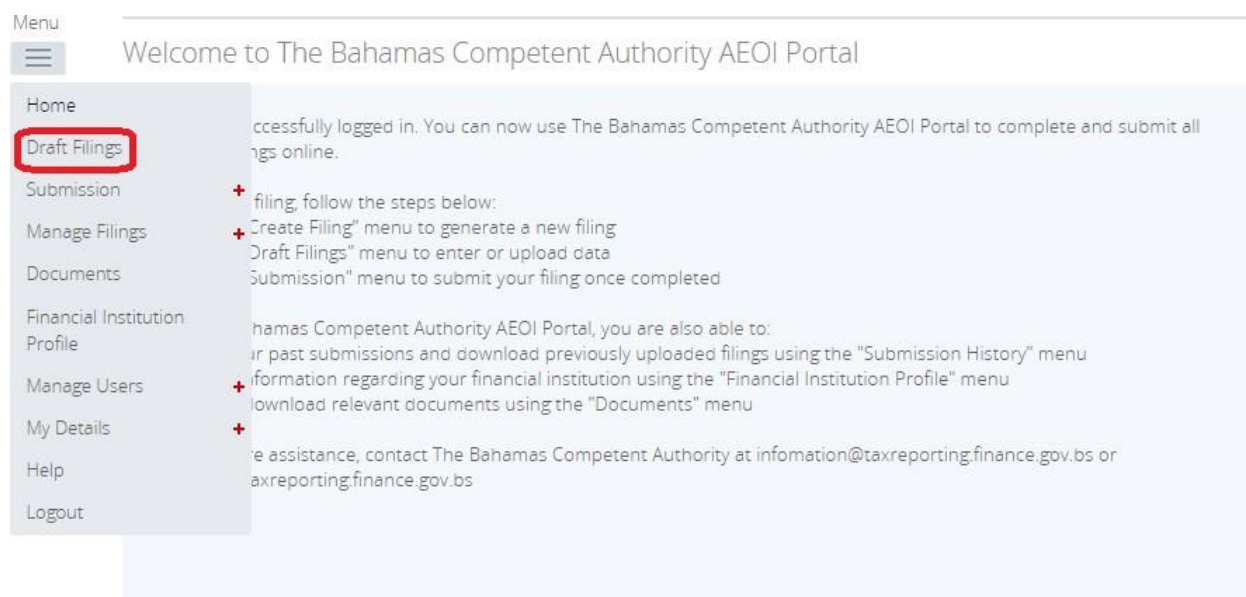

3. Enter a **Filing name** that is meaningful to you. It is best practice to include the year at a minimum (e.g. FATCA Report - 2016) so that filings can be easily differentiated over time.
4. Select the **Filing type** that you want to complete.
  - **Important note:** If you will be providing data in an XML file, you must choose the *US FATCA XML Upload* filing type. If you will be entering data manually in a web form, you must choose the *US FATCA Manual Entry* filing type.
5. Enter the **Period end date** for the filing.
  - **Important note:** The period end date is the last day of the reporting period (the calendar year). For FATCA, this date must **always be December 31<sup>st</sup>**. Failure to select December 31<sup>st</sup> will result in an error being displayed on screen.
6. Select the **Create** button to complete the creation of your filing and make it available to enter or upload data.

## 7.2 Submitting a FATCA XML Upload filing

By selecting the Return type as US FATCA XML Upload (see *Section IV.1.1 Creating US FATCA Returns*), a User may submit data by uploading an XML file into the Return.

1. Using the menu bar, navigate to Draft Filings to view the Returns that have been created.

2. Select the name of the Filing from the Filing name column of the Draft Returns table to open that Return.

Draft Filings

Please select the name of the filing you wish to complete.

To create new filings, please use the "Create Filing" functionality.

4. Select **Browse** and choose the XML file to be uploaded. The AEOI Portal will only accept files in the IRS FATCA XML v2.0 format.

The AEOI Portal will begin the validation of the XML file against the IRS XML Schema v2.0 immediately.

- If the file is in the acceptable XML format it will be processed.
- If the file is not in the acceptable XML format the upload will not be successful and an error message will be displayed. The User must upload a file in the correct format.
- The User will receive a system-generated email when the processing is complete, indicating whether the submission was successful, or unsuccessful.
  - If unsuccessful due to validation errors, the file must be amended and resubmitted.
  - The IRS has published a list of prohibited characters within XML returns:

<https://www.irs.gov/Businesses/Corporations/FATCA-XML-Schema-Best-Practices-for-Form-8966>

If you have chosen the US FATCA Manual Entry filing (see [section 6.1](#) *Creating FATCA filings*), you will submit your FATCA data by typing data into a web form.

Navigate to the **Draft Filings** screen using the menu at the top left of the screen to view filings that you have created but not yet submitted.

1. Select the name of the filing you created from the **Filing name** column of the Draft Filings table to open that filing. You will be presented with the **Draft Filing** screen for that filing.

- Important note:** The Message Reference field includes a unique system-generated code. This code will be auto-populated with a Global Unique Identifier (GUID) in line with the IRS FATCA XML Schema v2.0 user guide. You should take note of this reference as you will need to enter this message reference if you have to correct, amend or void a filing.
3. Enter your data in the fields presented (if required) and select **Save as Draft** to continue entering data later or **Validate & Save** to mark the form ready for submission.
- Important note:** All mandatory fields (marked with a red asterisk) must be completed for the form to successfully Validate & Save. Otherwise, errors will be presented on-screen.
4. To complete the remainder of the filing, select the **Add Section** icon next to the US FATCA Filing repeatable folder to generate a US FATCA Filing folder.
- Important note:** Sponsoring Entities will need to add a US FATCA Filing folder for each sponsored entity they are reporting for.
  - Important note:** As of 1<sup>st</sup> January, 2017, all Sponsored Entities are required to have their own GIINs as they can no longer use the GIIN of its Sponsoring Entity. **Changes made to the Reporting FI form in accordance with the US FATCA XML Schema Version 2.0 User Guide:**

- A Nil Report section has been inserted on the form in accordance with section 6.3 of the IRS FATCA XML Schema v2.0 user guide. FIs are now required to indicate if the report they are submitting is a Nil Report. All filings must include an Account Holder form UNLESS it has been indicated in the Reporting Financial Institution form that it is a NIL REPORT.
- A Filer Category drop down for both the Reporting FI and the Sponsor has been inserted on the form and it is mandatory that either the Reporting FI Filer Category or Sponsor Filer Category is provided. See section 4.6.1 of the IRS FATCA XML Schema v2.0 user guide for more information, which specifies that **the Reporting FI Filer Category must be FATCA602 (RDC FFI) for Reporting Model 1 FFIs** where a sponsor is not applicable. If a Sponsor is

applicable, the Reporting FI Filer Category should be left blank and the Sponsor Filer Category should be completed with the appropriate category instead.

7. Complete all required information on the form and select “**Validate & Save**”

- **Important note:**
  - i. The Document Type is a field that is included in several sections of the filing (Reporting FI, Nil Report, Sponsoring Entity, Intermediary, and Account Information). Allowable entries are FATCA1 = New Data, FATCA2 = Corrected Data, FATCA3 = Void data, and FATCA 4 = Amended Data. More information on each of these types can be found in the IRS FATCA XML User Guide. The IRS specifies that only one type of data should be contained in any single transmission file, so you must ensure that you select the same Document Type throughout the filing.
  - ii. The **Document Reference ID** is a field that is included in several sections of the filing (Reporting FI, Nil Report, Sponsoring Entity, Intermediary, and Account Information). The IRS has introduced new format requirements for Document Reference IDs, requiring all IDs to follow the format **<ReportingGIIN>.<UniqueValue>**. More information can be found here: <http://www.irs.gov/Businesses/Corporations/FATCA-XML-Schemas-Best-Practices-for-Form-8966-DocRefID>. It is also important to note that the DocRefID must be completed for each applicable section in this form and that the <unique value> part of the DocRefID should be different in each section, to avoid any DocRefID validation errors. You should keep a record of these IDs as you will need to reference the appropriate one if you have to correct, amend or void a section of your filing.
  - iii. Three “Taxpayer Identification Number (TIN)” fields exist on this form. The first one (under the “Reporting FI Information” field) should be populated with the GIIN of the Reporting FI. The second and third “Taxpayer Identification Number (TIN)” fields under the Sponsoring Entity and Intermediary sections should be populated with the TIN or GIIN of the Sponsoring Entity or Intermediary Entity respectively, as applicable.

  - The Document Reference ID is a field that is included in several sections of the filing (Reporting FI, Nil Report, Sponsoring Entity, Intermediary and Account Information). The IRS has introduced new format requirements for Document Reference IDs, requiring all IDs to follow the format **<ReportingGIIN>.<UniqueValue>**. More information can be found here: <http://www.irs.gov/Businesses/Corporations/FATCA-XML-Schemas-Best-Practices-for-Form-8966-DocRefID>. It is also important to note that the DocRefID must be completed for each applicable section in your filing and that the <unique value> part of the DocRefID should be different in each section, to avoid any DocRefID validation errors. You should keep a record of these IDs as you will need to reference the appropriate one if you have to correct, amend or

- iii. Three “TIN” fields exist on this form. The first one, “Taxpayer Identification Number (TIN)”, should be populated with the TIN of the individual or entity that holds the account. The second and third TIN fields are presented when you select the “Add Substantial Owner” button. “Organisation TIN” should be populated with the TIN of the Substantial Owner, if this section is applicable and the Substantial Owner Type is an Organisation. “Individual TIN” should be populated with the TIN of the Substantial Owner, if this section is applicable and the Substantial Owner Type is an Individual.
- iv. The bottom of the Account Information form includes an “Add payment record” button, to record one or more payments on the reported account. If the financial institution has any payments to report on the account, they must complete all three fields. Records can be added or deleted as required.

11. Repeat Step 9 for each account report you are reporting.

In order to submit your Manual Entry filing, all mandatory forms within the filing must be in **Validated** status, indicated by a green check mark icon (see the **KEY** on the **Draft Filing** page for an explanation of icons).

2. Once your filing is successfully submitted with no errors, you will receive a system-generated email notifying you of the successful submission.

7.4 Correcting FATCA validation issues

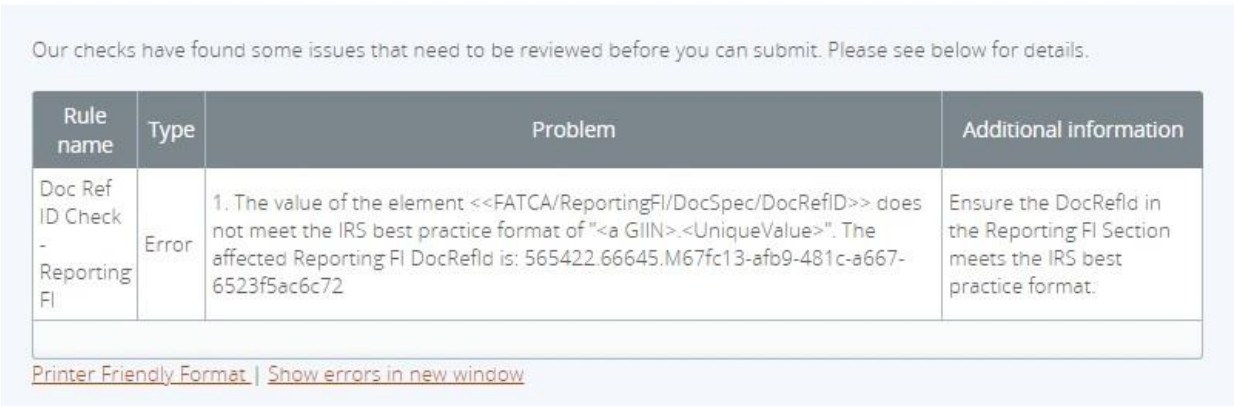

If there are validation issues with your filing, you can view the details in order to determine any corrections that need to be made.

- 1. Navigate to the **Draft Filings** page using the menu at the top left of the screen. If there are errors on a filing that you have attempted to submit, the **error icon** will be displayed beside the filing’s status, as shown in the image below.

- 2. Click on the **error icon** to display the validation errors. A sample is shown in the image below.

Submission Validation Issues

- 3. To correct errors and resubmit your filing, select the **Back** link at the bottom of the page to return to the **Draft Filings** page and then select the filing in question from the **Filing name** column of the table.
  - a. For the **Manual Entry Filing**: Select the **Edit** link next to the form(s) that you need to correct, update the data, and select **Validate & Save**. Then follow the steps to submit the filing, as per section 2.1.4 *Submitting a Manual Entry filing*.
  - b. For the **XML Upload Filing**: Select the **Upload data** link and select a new XML file to upload. The system will begin validation of your new file immediately. Note: if data has already been populated into the form, you will be presented with a pop-up message that says "Do you want to delete all existing data before uploading a new file? ", and should select "Yes" to avoid further data validation issues.

## 7.5 IRS Notifications

After the Competent Authority transmits filings submitted via The Bahamas Competent Authority AEOI Portal to the IRS, the IRS will issue notifications that will be visible through the system. The system in turn will notify FIs of any notifications via their email addresses and FIs are required to access the system to correct their filings.

**Important note:** The Bahamas is a Model 1 jurisdiction, and as such all filings must be completed and submitted via The Bahamas Competent Authority AEOI Portal. IRS notifications and the IRS ICMM User Guide make reference to submitting corrections via IDES or by filing a paper submission Form 8966. Please note that these references are specific to FIs that report directly to the IRS. Bahamas Reporting Financial Institutions will receive notifications and also submit corrections via The Bahamas Competent Authority AEOI Portal.

This section of the User Guide must be read and understood in conjunction with the IRS produced instructions:

**IRS ICMM User Guide:**

<https://www.irs.gov/pub/fatca/fatcareportsicmmnotificationxmlschemauserguide.pdf>

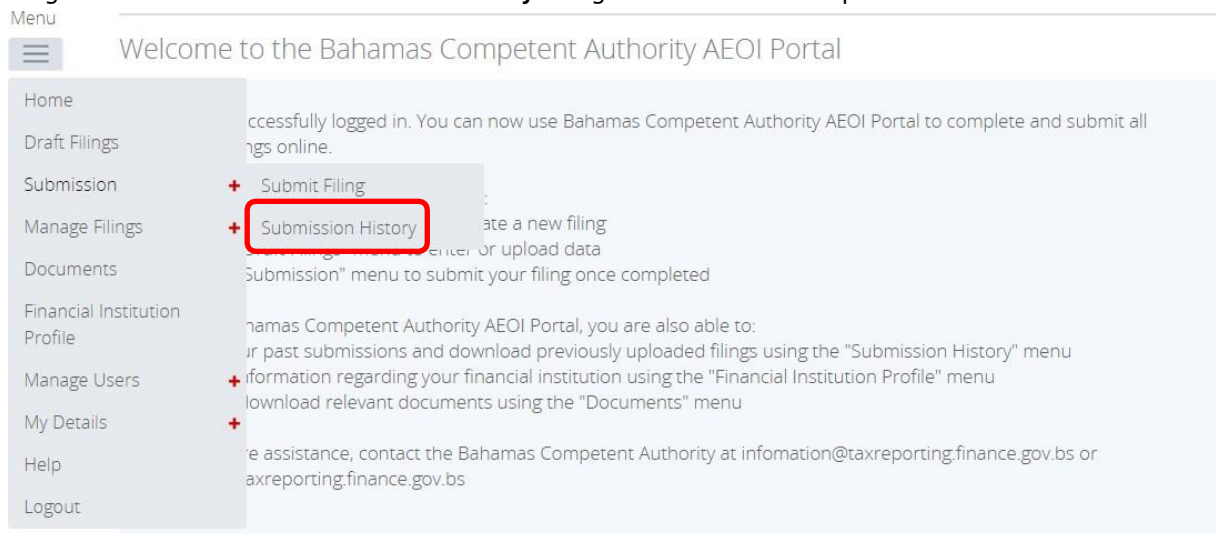

**IRS Notifications FAQs:** <https://www.irs.gov/Businesses/Corporations/IRS-FATCA-ReportNotifications-Frequently-Asked-Questions>

### 7.5.1 Viewing transmission progress and IRS notifications

When the IRS notification requires action from the Financial Institution the users for the Financial Institution will receive an email from The Bahamas Competent Authority AEOI Portal titled "Action Required for {FILING\_NAME}". The email will not provide details of the notification but will inform the Financial Institution that a notification has been received from the IRS indicating that the filing contains one or more errors that must be addressed.

To view the transmission progress and notification(s) (where applicable) for any submitted filings, follow the steps below:

1. Log in to The Bahamas Competent Authority AEOI Portal and select the appropriate institution if you have permissions for more than one institution.
2. Navigate to **Submission > Submission History** using the menu at the top left of the screen.

3. You will be presented with the **Submission History** page, which presents the filings that have been submitted for your financial institution.

### Submission History

4. Review the Transmission Progress column to determine the status of your filing. When a US FATCA filing is created and submitted to the Competent Authority, it will have a Transmission Progress of "Waiting" until a response is received from the IRS. Once a response is received, the Transmission Progress for the filing will be updated to one of the following statuses, depending on the notification sent from the IRS:

Transmission Progress	Description & Next Steps
Received	A notification has been received from the IRS, indicating that no errors have been found. <b>No further action is required at this time.</b>
Record level errors; or, Record/field level errors	<p>A notification has been received by the IRS, indicating that one or more record or field level errors exist in the filing that require correction.</p> <p><b>For <u>most errors</u>, the FI must create a "Corrected" filing that references the original filing to correct the errors indicated within the notification, and submit it to the Tax Authority via The Bahamas Competent Authority AEOI Portal</b></p> <p><b>If the record has <u>an error in the Reporting FI GIIN</u>, the FI must first submit a Void Data filing then submit a New Data filing with a correct Reporting FI GIIN.</b></p> <p>A list of the record/field level errors can be viewed in the <a href="#">International Compliance Management Model (ICMM) Notifications User Guide</a>.</p>

Failed: Invalid Message Ref ID	<p>A notification has been received from the IRS, indicating that an invalid MessageRefID was present. <b>The FI must create a “New” filing with a valid MessageRefID and submit it to the Tax Authority via The Bahamas Competent Authority AEOI Portal.</b></p> <p>The IRS guidelines for this field indicate that it should be a unique identifier for a report file and is required to be at least one, but not more than 200, alphanumeric characters and cannot be all blank characters. Note that for Manual Entry filings, this ID is autogenerated as a unique number that conforms to IRS format guidelines (i.e. is less than 200 characters)</p>
Failed: Duplicate Message Ref ID	<p>A notification has been received from the IRS, indicating that a duplicate MessageRefID was present. <b>The FI must create a “New” filing with a unique MessageRefID and submit it to the Tax Authority via The Bahamas Competent Authority AEOI Portal.</b></p> <p>Note that for Manual Entry filings, this ID is auto-generated as a unique number that conforms to IRS format guidelines (i.e. is less than 200 characters)</p>

## 7.5.2 Understanding IRS ICMM Notifications

Once the IRS notification is downloaded from The Bahamas Competent Authority AEOI Portal, it must be examined to determine the errors that must be corrected. The critical sections of the notification file are highlighted below; however, the IRS ICMM User Guide and FAQs should be referenced during this process.

### IRS ICMM User Guide:

<https://www.irs.gov/pub/fatca/fatcareportsicmmnotificationxmlschemauserguide.pdf>

IRS Notifications FAQs: <https://www.irs.gov/Businesses/Corporations/IRS-FATCA-ReportNotifications-Frequently-Asked-Questions>

1. **<FATCANotificationCd>** - This element identifies the type of notification received. These codes are further explained in the ICMM User Guide

```

- <FATCANotificationHeaderGrp>
  <FATCANotificationCreateTs>2015-10-21T01:33:25Z</FATCANotificationCreateTs>
  <FATCANotificationRefId>42609</FATCANotificationRefId>
  <FATCANotificationCd>NVF</FATCANotificationCd>
  <FATCAEntitySenderId>000000.00000.TA.840</FATCAEntitySenderId>
  <FATCAEntityReceiverId>000000.00000.TA.092</FATCAEntityReceiverId>

```

2. **<NotificationContentTxt>** - This element will explain, at a high level, the result of the IRS review of your submission

```
<NotificationContentTxt>The IRS has determined that the referenced file is in
a valid format. Individual records submitted within the file have been
processed and any errors detected during processing are provided in the
Error Details included. For more information about record level errors,
including their classification under an intergovernmental agreement
(IGA), see: http://www.irs.gov/Businesses/Corporations/FATCA-Error-
Notifications</NotificationContentTxt>
```

3. **<FATCARecordErrorGrp>** - Within the FATCARecordErrorGrp, the notification will include a RecordLevelErrorCd for each applicable erroneous record in the submission. The ICMM User Guide describes the possible values for RecordLevelErrorCd.

```
- <ns2:FATCARecordErrorGrp>
  <RecordErrorInfoHeaderTxt>Record level error details from the file submitted are
  provided and are organized by financial
  institution.</RecordErrorInfoHeaderTxt>
  - <ns2:FATCARecordErrorFIGrp>
    <ReportingFINm>Sample Reporting FI Name</ReportingFINm>
    - <ns2:FATCARecordErrorDetailGrp>
      <FATCAReportTypeCd>ACCOUNT_REPORT</FATCAReportTypeCd>
      <DocTypeIndicCd>FATCA1</DocTypeIndicCd>
      <DocRefId>SampleGIIN.001</DocRefId>
      <RecordLevelErrorCd>8007</RecordLevelErrorCd>
```

4. **<FieldErrorGrp>** - For record-level error codes 8001 (Pooled Report Error) and 8007 (Account Report Error) the notifications will contain a "FieldErrorGrp" for each field-level error, with the XML path for the data element ("FieldNm") in error and description of the error ("FieldErrorTxt"). Fieldlevel error types are provided alphabetically by description in Figure 4-2 of the ICMM User Guide. Each field-level error must be corrected in a Corrected submission through The Bahamas Competent Authority AEOI Portal.

```
- <FieldErrorGrp>
  <FieldNm>ReportingFI/TIN</FieldNm>
  <FieldErrorTxt>GIIN not populated</FieldErrorTxt>
</FieldErrorGrp>
- <FieldErrorGrp>
  <FieldNm>ReportingGroup/AccountReport/AccountHolder/Organisation/TIN;
  ReportingGroup/AccountReport/AccountHolder/Individual/TIN</FieldNm>
  <FieldErrorTxt>TIN not valid</FieldErrorTxt>
</FieldErrorGrp>
```

**Important Note:** all Record-Level Notifications generated for the 2014 reporting year only regarding the absence of an Account Holder TIN and/or date of birth may be ignored. Upon review of the notification file received from the IRS; if the only error described is the absence of an Account Holder TIN or date of birth, there is no requirement to submit a corrected filing. Note that for tax year 2015, either the Account Holder TIN or date of birth must be provided. For tax year 2016 and beyond, the Account Holder TIN field is mandatory.

### 7.5.3 Submitting Corrected Filings

If a correction is required, follow the same process outlined in [Section 6.3](#) to create and submit a "Corrected Data" filing, which includes the new or updated data requested in the IRS notification. Submitting a "Corrected Data" filing is different than submitting a "New Data" filing in the following ways:

- Document Type: select "FATCA2 – Corrected Data"
- Corresponding Message Reference ID: enter the Message Reference from the original "New Data" filing

- Corresponding Document Reference IDs: enter the Document Reference IDs of the appropriate section(s) from the original New Data filing

Note that only the record(s) with the corrected data needs to be resubmitted via a “Corrected” filing. However, since the record must be transmitted in a valid FATCA file, the filing must have sufficient data from the original file to pass schema validation and other checks, including a complete **General Information form** and **Reporting FI Information** form (or MessageSpec and Reporting FI data elements for XML submissions).

**Important note:** The IRS has specified that for filings with Record/Field Level Errors, if the record has an error in the Reporting FI GIIN, the original record must be voided and a new record submitted to correct the GIIN. This means that the FI must first submit a **Void Data filing (Document Type: “FATCA3 – Void Data”), then submit a New Data filing (Document Type: “FATCA1 – New Data”) with a correct Reporting FI GIIN.** If applicable, this guidance can be found within the <ActionRequestedTxt> field in the IRS notification. Void Data Filings must include the **exact same data** as was included in the original filing, but with an updated Document Type, Document Reference IDs, and Corresponding Document Reference IDs.

**Important note:** Filings with the below Transmission Progress categories must submit a **New Data filing (Document Type: “FATCA1 – New Data”)**, as opposed to a Corrected filing, as the issue relates to the core references used to identify the file:

- Failed: Invalid Message Ref ID (<FATCANotificationCd> = NMR)
- Failed: Duplicate Message Ref ID (<FATCANotificationCd> = NDM)
- Failed: Invalid Doc Ref ID (<FATCANotificationCd> = NDR)

Please see [Section 5.1 - Viewing transmission progress & IRS notifications](#) for more information on each Transmission Progress category.

#### 7.5.4 Additional US FATCA Guidance

This section includes general information you should reference throughout the US FATCA reporting process. For additional detail on these topics, please see the IRS FATCA XML User Guide or FAQs.

##### **Document Reference IDs:**

- The IRS has introduced new format requirements for Document Reference IDs that came into effect in January 2016. New validation has been added to The Bahamas Competent Authority AEOI Portal to check that all Document Reference IDs submitted within US FATCA filings conform to the new requirements. The IRS required format is **<ReportingFIGIIN>.<UniqueValue>**. More information can be found here: <http://www.irs.gov/Businesses/Corporations/FATCA-XML-Schemas-Best-Practices-forForm-8966-DocRefID>
- The ReportingFIGIIN within the Document Reference IDs must match the GIIN entered in the Reporting FI TIN field on the Reporting FI Information form (for manual entry filings), or the TIN item within the Reporting FI group (for XML filings) in order to be accepted into the The Bahamas Competent Authority AEOI Portal.

##### **Account Holder Type:**

- When submitting an account report, if the reported financial account is held by an **individual**, the filer must not make a selection for Account Holder Type within the Account Report form (it should be left blank). The individual’s First Name and Last Name must be completed when the account holder is an individual.
- If the reported financial account is held by an **entity**, selection of one Account Holder Type is required. Entity Name must be completed when the account holder is an entity.

##### **Prohibited Characters:**

- The following IRS prohibited characters must not be included in any filings as this will prevent successful submission in The Bahamas Competent Authority AEOI Portal:
  - Double Dash ( -- )
  - Slash Asterisk ( /\* )
  - Ampersand Hash ( &# )
- The following IRS prohibited characters must not be included in any **XML Upload** filings as this will prevent successful submission in The Bahamas Competent Authority AEOI Portal. These characters **are** allowed in the Manual Entry filing, as they will be transformed to their escaped formats upon export:
  - Ampersand (&)
  - Less than (<)
  - Greater than (>)
  - Apostrophe (')
  - Quotation Mark (")
- More information can be found at <https://www.irs.gov/Businesses/Corporations/FATCA-XML-Schema-Best-Practices-for-Form-8966>

#### **Account Number**

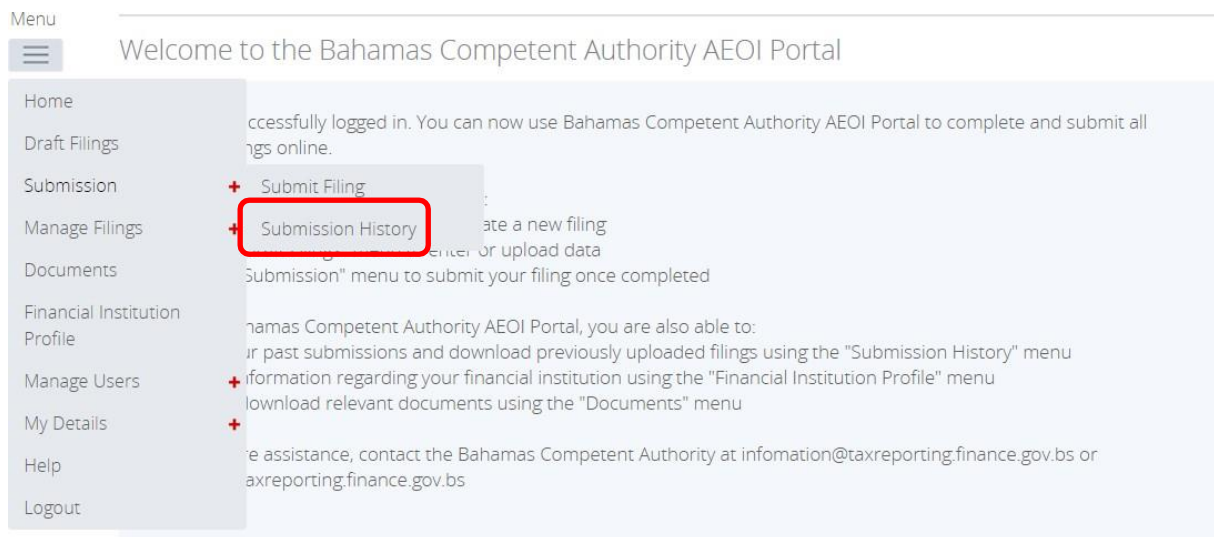

- If you do not have an account number for one or more reported accounts, note that the IRS guidance is to "provide the unique identifier used by the financial institution to identify the account holder or payee. If no account numbering system, then state "NANUM" for no account number".

# 8 Viewing previously submitted filings

## 8.1 Viewing submission history

To view the history of all submitted filings for your Financial Institution, follow the steps below:

1. Log in to **The Bahamas Competent Authority AEOI Portal**, and select the appropriate entity (if you have permissions for more than one entity).
2. Navigate to **Submission > Submission History** using the menus at the top of the screen.

3. You will be presented with the **Submission History** page, which presents the filings that have been submitted for your Financial Institution. Select the **year** you want to see the submissions for.

# 10 Managing Secondary Users

If you are the designated Primary User for your Financial Institution, you can create, update, and deactivate Secondary Users for your financial institution.

**Important Note:** Primary Users are expected to create 1-2 Secondary Users after they enrol, in order to support the Primary User, fill in should the Primary User be away or unavailable, or submit a Primary User Change Notice should the existing Primary User leave the organization or is otherwise unable to continue as Primary User.

## 10.1 Creating Secondary Users

1. Navigate to **Manage Users > Create User** using the menu at the top left of the screen. This menu will only be available if you are the Primary User for your Financial Institution.

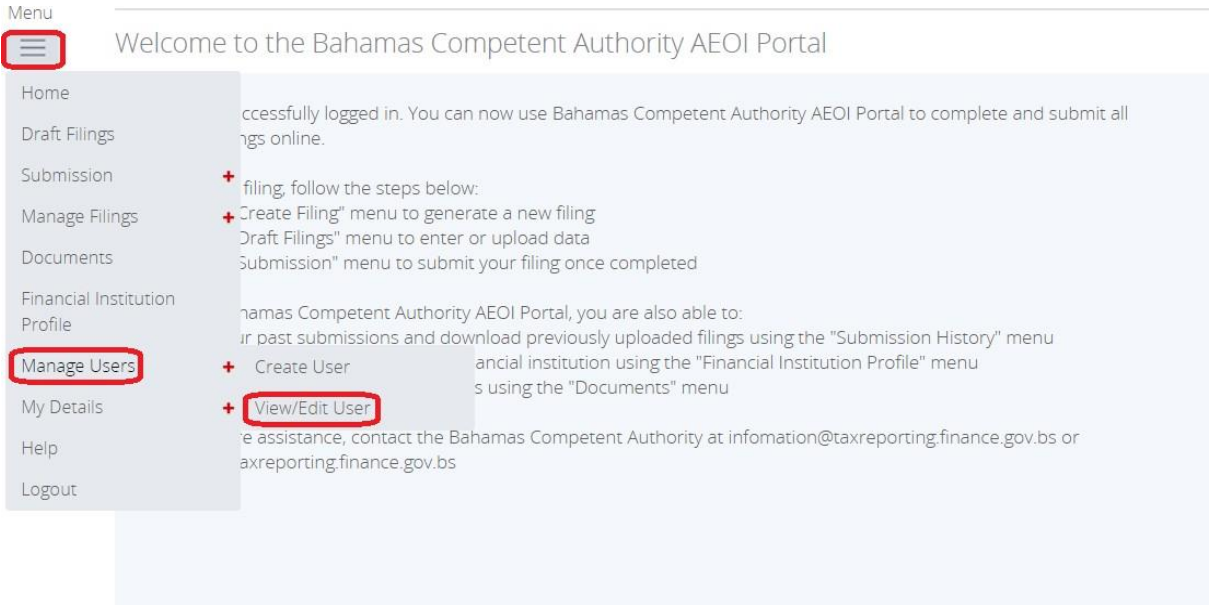

2. You will be presented with the **Create User** page. Enter the details of the new user and select the **RE - Secondary User** role. Select **Create** to complete the user creation and assignment of the user role.
  - **Important note:** Secondary Users are granted all of the same permissions as the Primary User with the exception of the ability to create and manage other users for your Financial Institution. That permission is granted only to the Primary User.
3. Upon creation, the new user will receive a system-generated email which includes their user name and temporary password. They will be asked to select a new password upon their first login to the system (see [Section 3 Logging in and updating your user details](#)).

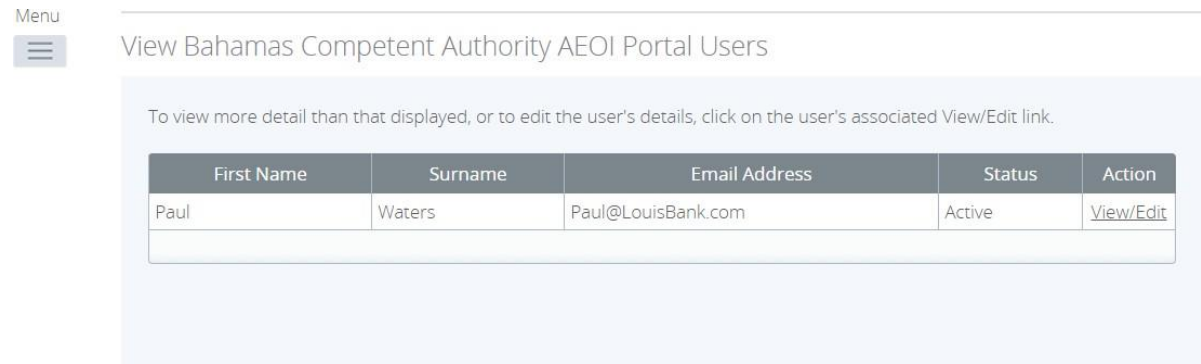

### 10.2 Updating or deactivating Secondary Users

As the Primary User for your Financial Institution, you can edit the details of other users for your entity, or deactivate them to remove their access to your Financial Institution’s data in the system.

- 1. Navigate to **Manage Users > View/Edit User** using the menus at the top of the screen.

- 2. You will be presented with the **View Bahamas Tax Information Reporting Portal Users** page, displaying the list of Secondary Users for your financial institution. Select the **View/edit** link for the user whose details or status you would like to update.

- 3. You will be presented with a view-only page that includes the user’s current details, status, and permissions.

4. Select the Edit button to edit the user's name, email address, telephone number, permissions, or set their **Status** to Inactive. Select Save to apply your changes.
  - **Important note:** Changing a user's **Email address** will change the email address that the user uses to log in to the system, and the email address to which system-generated emails are sent for that user.
  - **Important note:** Setting a user's **Status** to Inactive will prevent that user from being able to view or edit your financial institution's data in the system.

# 11 Updating a Primary User

Functionality has now been added to allow an existing Primary or Secondary User to submit a Primary User Change Notice via the portal. Details on this process are included in the sections below.

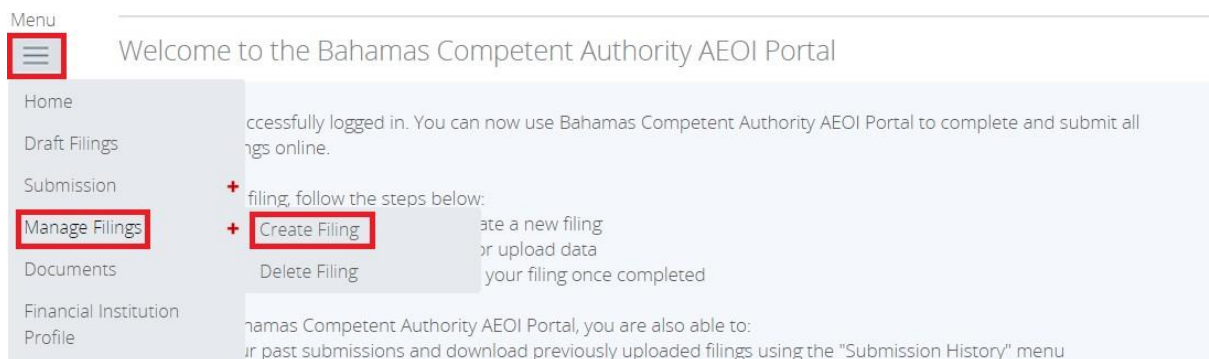

**Important Note:** It is advisable to ensure you always have at least one active Secondary User assigned to your entity in the system. If neither the existing Primary User nor a Secondary User is able to submit the Primary User Change Notice, this change cannot be processed via the portal. A representative of the entity will need to contact the Competent Authority, at [information@taxreporting.finance.gov.bs](mailto:information@taxreporting.finance.gov.bs) or [helpdesk@taxreporting.finance.gov.bs](mailto:helpdesk@taxreporting.finance.gov.bs). Your request should include the following information:

- Existing Primary User First Name
- Existing Primary User Last Name
- Existing Primary User Email Address
- Existing Primary User Position
- New Primary User First Name
- New Primary User Last Name
- New Primary User Email Address
- New Primary User Position
- New Primary User Telephone Number
- Letter signed by a director or officer, specifying them as the new Primary User and authorizing the change

## 11.1 Creating a Primary User Change Notice

In order to submit a request to change the Primary user for your entity, you must first create a **Primary User** filing.

1. Navigate to the **Create Filing** screen using the menu at the top left of the screen. Select **Manage Filings > Create Filings**, as shown in the image below.

2. You will be presented with the **Create Filing** page, as shown in the image below.
3. Enter a **Filing name** that is meaningful to you. It is best practice to include the name of the new Primary User being requested so that filings can be easily differentiated.

4. Select "**Primary User Change Notice**" as the **Filing type**.
5. Select the **Period end date** for the filing. For the Change of Financial Institution Information form, this should be the current date or the date in which the change was effective.
6. Select the **Create** button to complete the creation of your form and make it available to submit.

## Create Filing

We need details about your filing so you will be able to identify it in the future. Please enter the details requested below.

The period end date identifies the reporting period for the filing. This should always be December 31st.

Filing type:

- ☐ Change of Financial Institution Information
- ☐ Change of Reporting Obligations
- ☐ CRS Filing Summary
- ☐ CRS Manual Entry Filing
- ☐ CRS XML Upload Filing
- ☒ Primary User Change Notice
